PEEL TREATMENTS

O₂ LIFT FACIAL

60MIN

This facial provides a revolutionary treatment to exfoliate, illuminate and oxygenate your skin. This peel consists of natural enzymes such as papaya and pineapple to exfoliate the surface of the skin, then oxygenates the skin with a cutting-edge mask, and rejuvenates while fighting signs of aging with a stem cell enhancer.

This facial is great for sensitive - normal skin types!

USD 160

O₂ MICRO LIFT FACIAL

90MIN

This facial is our O₂ Lift Facial with a Microdermabrasion add on.

We start the facial off with the step 1 of the O₂ lift facial with prepping and cleaning of the skin. We then exfoliate your skin by using Microdermabrasion to really prep the skin for deep penetration for the enzyme peel. We then continue to follow the process of the O₂ Lift facial, ending with your skin refreshed, renewed and replenished!

This facial is great for Dry - Congested skin types!
